The Technology of Freshness: The IQF Value Chain

Step 1: Peak Harvest

Sourced from certified, responsible growers with optimized soil and smart irrigation.

Step 2: Immediate Cold Transport

Strict cold-chain logistics from field to processing facility to prevent degradation.

Step 3: Wash & Blanch

High-pressure pure water cleaning followed by precise thermal blanching to lock in vibrant natural colors.

Step 4: Rapid Thermal Drop (IQF)

Immediate cellular freeze locks in structural integrity, flavor, and nutrients.

**RAPID
THERMAL
DROP**

Step 5: Zero-Additive Packaging

Step 5: Zero-Additive Packaging

Custom, vacuum-sealed or gas-flushed packaging ready for FDA-compliant export.

100% natural. Zero artificial preservatives.
